

A Tobacco Grower's Profit
is dependent upon a properly balanced fertilizer.

No crop is so easily spoiled as tobacco. The fertilizer must be right, not to be right, but to be right, it must contain at least 10% actual Potash.

Test it. Supply one bush with fertilizer with plants of Potash, another with little or no Potash, and another with no Potash at all. The tobacco grown with the little or no Potash will be small and of little value. The tobacco grown with the 10% actual Potash will be large and of great value.

The admiral has no confirmation of the reported cutting of the cable connecting the island of Formosa with the Chinese mainland at Foochow, but it is pointed out that even if true this would not sever communication with Formosa, as there is a direct cable from Kailung, in the northern part of the island, running by way of the Luchu Islands to Japan.

BLOOD POISON
The disease that has done more than any other to wreck, ruin and humiliate life, is Contagious Blood Poison. Sorrow, shame and suffering go hand in hand with this great enemy, and man has always hated and fought it as he has no other blood. It is the most powerful of all poisons; no matter how pure the blood may be, when its virus enters, the entire circulation becomes poisoned and its chain of horrible symptoms begin to show. Usually the first sign is a small sore or ulcer, not at all alarming in appearance, but the blood is being saturated with the deadly poison, and soon the mouth and throat begin to ulcerate, the hair and eyebrows drop out, a red eruption breaks out on the body, copper-colored spots and sores make their appearance and the poison even works down into the bones and attacks the nerves. Not only is the disease hereditary, being transmitted from parent to child, in the form of scrofula, weak eyes, soft bones, weak puny constitutions, etc., but is also so highly contagious that many a life has been ruined by a friendly hand shake, or from using the toilet articles of one infected with the poison. To cure this blighting, deadly curse the blood must be purified, and nothing will do it so quickly and surely as S. S. S. It goes down to the very bottom of the trouble, drives out every particle of the poison and makes the blood clean and strong. It does not hide or cover up anything, but from the first begins to expel the poison and build up and strengthen the system. S. S. S. is guaranteed purely vegetable. We offer a reward of \$1,000 for proof that it contains a particle of mineral of any kind. Book on the disease, with instructions for home treatment, and any advice desired, without charge.
